

## RCSU NEWSLETTER MARCH 2023

EDITION III

Hi Everyone,

I hope you all had a happy and successful Term 2 and are now enjoying your Spring Holiday. I know that unfortunately this is often a time of revision for exams and preparing courseworks, so to everyone studying over the break - good luck! Remember to try and maintain a work-life balance, and do try and get a break regardless of how much you need to do!

For now, have a moment of reflecting on what the RCSU has been up to this month, and a glimpse of what you have to look forward to next term! Please let us know if you have any suggestions for what you would like to see more of in the newsletter!

## UPCOMING EVENTS

**Our events advertisements have been moved to an Events Bulletin, which will come out early next term advertising everything we have planned.**

For now, save the date for **14th June** and **20th June**, we have some big announcements!!

WANT TO WATCH RCSU PRES JUMP OUT OF A PLANE??

We are really excited that **RCSU President, Trinity**, is participating in the **RAG Charity Skydive for Hope for Children!!**

Please donate to her JustGiving page if you have any spare cash, it's for an excellent cause, **helping children from disadvantaged backgrounds across the world** access everything we take for granted like education and sanitation, and who wouldn't want to see your RCSU President jumping out of a plane....

Find out more about Hope for Children [here](#)  
**[Donate here](#)**

# THE RCSU SCIENCE CHALLENGE

The Science Challenge is **still accepting entries until 5pm on Monday 17<sup>th</sup> April**. With prizes including **publication of written work**, a **trip to the House of Lords** and **free tickets to the Cheltenham Science Festival**, please consider participating in the Challenge!

Entries should be emailed to [science.challenge@imperial.ac.uk](mailto:science.challenge@imperial.ac.uk) with the subject '**SCsubmissions2023**' and the submissions form must be completed.

We can't wait to see your entries!

Best,

Vanessa

(RCSU Science Challenge Chair)

## OUR MARCH EVENTS

We really enjoyed our big collab event with CGCU - the **Spring Ball at Proud Embankment**. We hope you made lots of memories, and are looking forward to our next big events!

[RCSU X CGCU SPRING BALL PHOTOS](#)

We also hosted a very successful **E-Sports Tournament** in collaboration with ICLGE, where we streamed our Departmental Societies going head to head in Overwatch and League of Legends.

Overall, the winners were Biology!!  
Congratulations Biology, and thank you to everyone who competed or streamed the event!

# LEADERSHIP ELECTIONS RESULTS

The results of the Leadership Elections can be found online, including RCSU Committee results.

Some members of this year's committee are delighted to be continuing, and we are happy to see some new faces coming in, including our new role of VPCS being filled by your current Disabilities Officer, Jasmine.

The full election results are available [here](#).

If you missed out on a chance to run for RCSU Committee this time around, don't fret! We weren't able to fill all the roles in these elections, meaning there are still plenty of positions you can stand for in the Summer Elections! Keep an eye out for Union emails regarding this.

Follow us on [Instagram](#) and [Tiktok](#) to keep up to date with our events!
